

First you use the dump bucket and use blue and just fill the screen with dark blue. Next you put some snow on the ground with the pencil line size at 72. Then you go to the shapes and click the circle line and fill cover should both be white. Start making circles. Make three circles (make them get smaller as they get to the top). Then start making a face and buttons down his body (The face and the body color should be brown). Make sure and make an orange carrot nose. Then make the arms. Make them sticks and the color is brown. The snowflakes should be the color white you go to the stamps pick the one thats a snowflake and make them white. Make 9 snow flakes, 6 on the left of the snowman 3 on the right of the snowman.
